

Good Link Cooperative is the expansion of youth employment and income generation through a transportation cooperative business.

Good Neighbors Cambodia implements Good Link Center through the Good Link Project.

What We do?

We work for a solution to build a sustainable community. Good Link Cooperative strengthens members' specialty in the transportation business and secures financial accessibility in an eco-friendly environment through:

1. FUNDAMENTAL SUPPORT

Support transportation (rickshaws and motorbikes) to the cooperative's drivers to start their business. Also, we established a multipurpose operation center equipped with solar facilities to support drivers's business development.

2. EDUCATIONAL SUPPORT

Provide specific training to strengthen business management abilities, including customer services, finance, vehicle maintenance, traffic law cooperative management, and other areas based on actual need.

COMMUNITY SELF-RELIANCE

3. SOCIAL ASSOCIATION AND STRENGTHEN COOPERATIVE

We link drivers to relevant institutional partners to expand income generation possibilities and to improve business operations and profit.

Mission

Empower youth by offering training in transportation-related skills and facilitating access to a low-interest loan program by acquiring rickshaws and motorbikes.

Goal

We desire to make "A Good Change" occur continuously for youths in our communities, and we strive for the advancement of all by cooperating with partners at all levels.

SDGs 8: Decent Work and Economic Growth
GDSO 3: People Achieve Economic Empowerment Through Solidarity and Cooperation

Good Link Cooperative

GOOD LINK COOPERATIVE

Partnership

Good Neighbors Cambodia will continue connecting community people to opportunities for a good source of income and developing their skills. We welcome all support and cooperation from you who wish to see a good change in the community economy.

"Our community deserves stable income, side hustle, and the right to be a businessman"
